

APRIL 2022

Business Proposal

Clinton Adabanya
Frontend Engineer

11 Dr JP Nzewi Str,
Ajao Estate, Lagos.
clintonadabanya.vercel.app

FUNCTIONAL REQUIREMENTS OF THE PRODUCT

1. The system should have three (3) different account types:
 - a. Coaches
 - b. Users
 - c. Admins
2. Coaches and Users should be able to create accounts, log in, reset passwords, change passwords and edit their profiles.
3. Users should be able to search and filter coaches based on different criteria.
4. Users should be able to send direct messages to coaches.
5. Users should be able to schedule appointments with coaches.
6. Users should be able to have a video chat with coaches.
7. Automated emails should be sent when
 - Accounts are created by coaches and users.
 - Appointments have been scheduled.
