To get more context on this breakdown please endeavour to do a case study of coaching.com and coach hub (looking through better up will give you an increased scope as well).

I will attach pictures where I think they will be useful but you are also allowed to be creative and come up with unique design templates drawing on this foundation.

Each Segment (Coach-Client-Sponsor) would have an onboarding video with a license agreement to be signed

Profile Dashboard (COACH)

a) Coach profile;

       a. Name

       b. Photo

       c. Bio

       d. Coaching type (Mentor, Team, Group, Executive, etc)
